

Contract Risk Rapid Assessment

Review your contract portfolio to assess regulatory compliance, potential legal exposure, and enforceability. Access expert-driven, cost-effective legal advice to eliminate risks of omissions or unexpected consequences from contracts.

Using Elevate's proprietary AI-enabled technology, ElevateNext's experienced contract and financial services lawyers will conduct a diagnostic review of your contract portfolio, report on findings, and provide essential advice to eliminate material risks.

On a flat-fee basis, Elevate's legal experts will help your company:

- Ensure compliance with current legal and regulatory requirements and industry best practices
- Avoid potential legal or business liability exposure
- Confirm that standard - and often repeated - contract clauses still make sense for your business today

With

1300

global professionals, cutting edge technology, and experience, Elevate (the law company) and ElevateNext (the law firm) deliver where and when you need it.

The Elevate Edge

- Diagnostic review of contract portfolio against industry regulations, performed by contracting subject matter experts
- Customised dashboard for transparency and straightforward report of findings
- Confidential legal advice on remediation recommendations
- Facilitated workshop for your team on the regulatory standards and practices relevant to your business to inform your future contracts
- ElevateNext UK Limited is an authorised ABS in England & Wales, regulated by the Solicitors Regulatory Authority, with authorisation number 427995
