

Law Firm Consulting

Establish and Convey a Vision for Your Law Firm

Use data to make informed decisions, increase the profitability of high-volume, low complexity legal work, and understand the impact of regulation on your business' future.

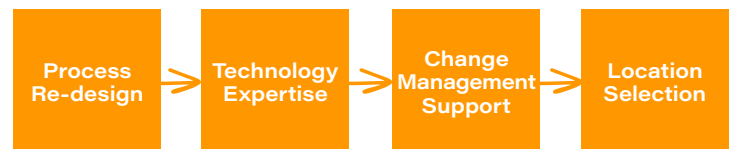

We design, implement, and manage solutions to centralise and deliver business services that drive profitability – and improve efficiency, quality, and business outcomes.

- **Law Firm Strategy Consulting:** Become a more competitive and resilient law firm
- **Data Strategy Consulting:** Use data to make and inform your business decisions
- **Legal Service Delivery:** Increase the profitability of high-volume, low complexity legal work
- **Target Operating Model and Cloud Law Firms:** Set up your boutique law firm and stay focused
- **Legal Process Improvement:** Implement change with new workflows to ensure productivity
- **Regulatory Strategy and Risk Management:** Understand the impact of regulation and respond to regulatory reform with confidence

Listen to This Podcast

James Touzel, a partner in the UK law firm TLT, offers insights around driving legal transformation.
