

Practising Lawyers

Increase Efficiencies on Business-As-Usual Legal Matters

Increase efficiency, lower legal spend, and ensure the right people are doing the right work using the right tools.

Our practising lawyers and Elevate provide a unique combination of highly experienced legal expertise with process, technology, and access to more than 1,600 global professionals. We provide an approach and expertise beyond a conventional law firm.

Areas of expertise include:

- Litigation (breach of contract, product liability, employment, personal injury portfolios, legacy liability, internal investigations, arbitrations, consumer complaints, third-party subpoenas, law enforcement responses, and more).
- Regulatory Compliance
- Privacy
- General Corporate (formation, governance)
