

Intellectual Property Managed Services and Strategic Support

Enabling Law Firms to Deliver More,
Grow Smarter, and Scale Faster

About Us

Today's law firms face rising client expectations, faster turnarounds, broader service offerings, and cost predictability, all without compromising on quality or confidentiality. At Elevate, we deliver flexible, expert-led solutions that support the entire IP lifecycle, from invention disclosure and research to drafting, prosecution, portfolio strategy, and monetisation.

We partner with law firms worldwide to help them:

- Free up lawyer hours for high-value, billable work
- Scale capacity during prosecution, litigation, or search surges
- Expand service offerings to retain and grow corporate clients
- Deliver high-quality outputs consistently under the firm's brand
- Operate securely with complete process transparency

Why Choose Elevate?

Our AI-assisted, human-in-the-loop workflows combine advanced technology with cross-domain expertise, spanning high-tech, engineering, and life sciences, to deliver faster, cost-efficient processes, enabling law firms to provide IP decisions that are not just informed, but strategically superior.

- **Trusted partner** on 70,000+ projects across 17 years by Am Law firms and top Fortune 500 companies
- **Accredited in portfolio management and monetisation** by [IAM Strategy 300](#), [IAM Patent 1000](#), and the [Global Business Excellence Awards](#)
- **Global team of 550+ IP experts**, providing multilingual, multi-jurisdictional support across diverse technologies
- **Global delivery network** spanning 80+ countries, with flexible and predictable pricing models, including hourly, FTE, productised, and outcome-based options
- **Recognised globally for patent information searching**, with accolades such as the [Brian Stockdale Award](#) (PIUG), the [Susan Helliwell Award](#) (QPIP), and the [Patent Olympiad 2024](#)
- **White-label delivery** under the firm's name, with on-demand scalability to match client demand spikes

Our expert services, combined with proprietary tools, deliver complete, efficient, and end-to-end solutions tailored to your IP needs:

Our Core Services for Law Firms

* Docketing as a Managed Service

End-to-end docketing, tailored to your processes.

- Global patent and trademark docketing in IPMS platforms (FoundationIP, Appcoll, Anaqua, etc.)
- Deadline monitoring, alerts, and compliance tracking
- Renewals and annuity coordination for patents and trademarks
- Audit readiness and process documentation
- SOP-driven execution with firm-specific rules

* Paralegal Support Services

On-demand expertise to free up lawyer bandwidth.

- Document preparation and form filings
- Assignment, recordal, and Power of Attorney management
- Status tracking and deadline follow-up with IP offices
- Filing formalities for patents and trademarks
- Client correspondence and reporting support

* Patent Prosecution Support

Reduce non-billable work while maintaining quality.

- Office Action response drafting
- Claim amendments and prosecution strategy input
- IDS preparation, reference management, and formality checks
- Proofreading and QA at the Notice of Allowance stage

* Drafting and Filing Services

Handling drafts and filings to accelerate client delivery.

- Patent drafting in multiple jurisdictions
- Professional drawing preparation
- Global filing coordination in 80+ countries
- Translation coordination and IDS preparation

* Search and Litigation Support

Litigation-grade research to strengthen client cases.

- Invalidity, Patentability, Freedom to Operate (FTO)
- State of the Art, Landscape, and Whitespace analysis
- Infringement searches, EoU/claim chart preparation
- Litigation support for both plaintiff and defense
- Competitor and technology monitoring for client advisories

* Trademark Lifecycle Services

Full-spectrum trademark services to protect client brands.

- Global trademark search and clearance
- Madrid Protocol filings and coordination
- Trademark docketing and renewals
- Assignments, oppositions, and recordals
- Brand monitoring, enforcement, and takedown coordination
- Cease and desist letter preparation and support

* Portfolio and Client Advisory Support

Better guide your clients without increasing your workload.

- Portfolio pruning, valuation, and overlap analysis
- IP analytics, budgeting, and forecast reports
- Competitive benchmarking
- M&A due diligence for client transactions

* Licensing and Monetisation Support

For increased revenue and better use of IP.

- Patent mining (core/non-core) and segmentation
- Target scouting and infringement analysis
- Licensing package preparation
